

**This line-up of pallet wrappers will make your buying decision easy!
Choose between value, future automation, or full automation now!**

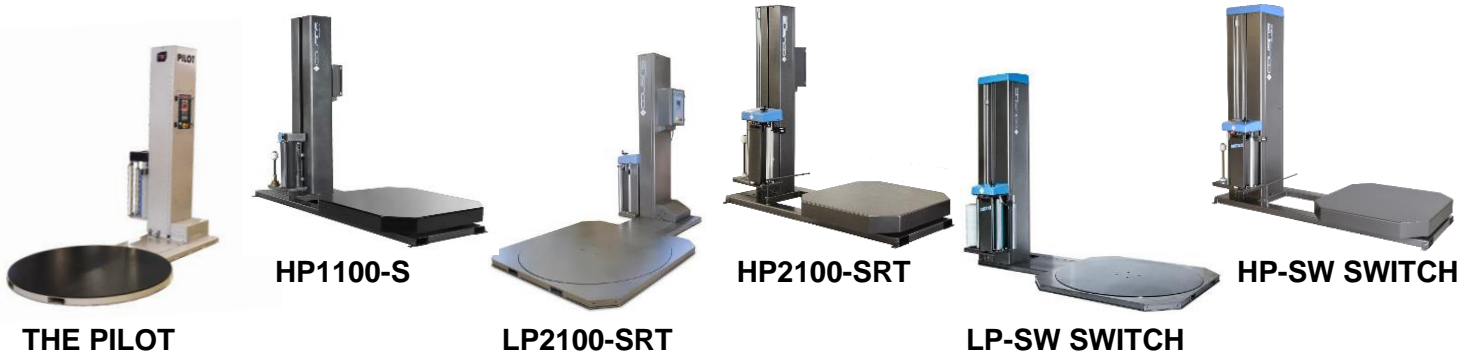

- ❖ **THE PILOT** This model has more standard features than any other pallet wrapper in its price range. Perfect for low volume, standard applications.
- ❖ **2100-SRT** Loaded with standard features and available options that can satisfy most environmental and production requirements.
- ❖ **THE SWITCH** Only machine available that can be converted to a fully automatic on site at a later date by installing the patented A-Arm.
- ❖ **THE A-ARM** Operate the machine from the forklift with a wireless remote. No more getting on and off the forklift to attach and cut the film.

ALL MODELS HAVE THESE STANDARD FEATURES:

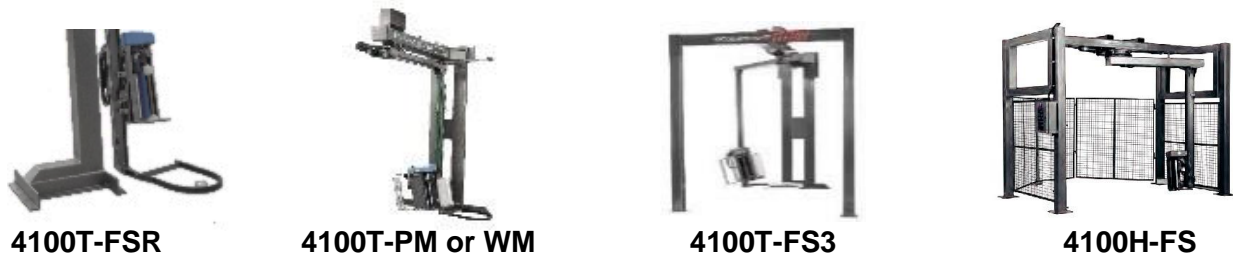

- ❖ HMI operator interface with (3) separate wrap programs & diagnostics
- ❖ Superior safety designs - Carriage anti-fall device, carriage descent obstruction sensing, carriage door electrical interlock and more
- ❖ All AC variable speed motors
- ❖ Forklift lifting tubes front & rear for easy portability
- ❖ Powder-Coat Paint
- ❖ Strong 3/5 year warranty

**Our Line-up that will fit your application, provide labor savings,
and increase productivity**
